DETAILED ACTION

1. This office action is in response to applicant's communication filed on December 5, 2002. New Claims 71- 151 have been examined. The restrictions are stated below.

Response to Amendment

2. Newly submitted claims 71-151 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The claims 49-70 that were examined in the first office action are drawn to a method of generating performance data including a net worth calculation on investments held in at least one account. The new claims 71-151 are drawn to a method of producing a financial position report for an investment portfolio. The emphasis of the new claims is on double entry method of book keeping and providing hyperlinks to supporting reports. Because these inventions are distinct for the reasons given above and the search required for claims 71-151 is not required for claims 49-70, restriction for examination purposes as indicated is proper.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 71-151 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

3. The amendment filed on December 5, 2002 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because they are separate and distinct from the previously claimed invention for the reasons stated above.

Art Unit: 3624

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
